DIRECTORS NOT NAMED

Chattanooga, Tenn., June 11.—Fac-ional strife to-day prevented the

nomination here of six directors for the new Federal reserve bank to be established in Atlanta. A meeting of the delegates of the banks in the Sixth Federal Reserve District was adjourned to meet in Montgomery, Ala., on a date to be determined by the Montgomery clearing-house.

Alexandria, Va., June 11.—David Walter Foster, about fifty years old, while driving home from Annandale to francenia, Fairfax County, Va., dropped dend just as he got out of his buggy to adjust a wheel which was loose. Heart trouble is thought to have been the cause of his sudden death.

It is be determined by the Montgomery clearing-house.

Immediately after the convention met, a resolution was offered by A. Malone, of Dotham, Ala., providing for an-effect death followed, finally resulting in the delegates who favored immediate nominations agreeing to a later meeting.

South Crollina Militia Unlikely to Take
Part in Manoeuvres.

Columbia, S. C., June 11.—"Unless
there is some favorable change in the
situation existing between the United
States and Mexico, South Carolina
militia troops will not go beyond the
borders of this State to attend any
manoeuvres campaign," stated Governor Cole L. Blease to-day, replying to
the question when would be present
the War Department with his decision
upon their request that he permit the
participation of militia troops of this
State in the joint encampment of
troops of the Ninth Militia Division
at Augusta, Ga. This encampment has
been ordered held from July 12 to August 16 by Adjutant-General Simpson,
commander of the Department of the
East, at Governor's Island, N. Y.
Failure of Governor Blease to consent within the next few days to the
participation will probably void the
possibility of South Carolina millita
joining the manoeuvres, as the statement authorized at the office of Adjutant-General Moore. National Guard
officers here state that they regard
the participation of South Carolina as
"very unlikely."

Asheville, N. C., June 11—Overton
Westfeldt Price, vice-president of the
National Conzervation Association,
aged thirty-nine, ended his life at
Rugby Grange, in Henderson County,
afteen miles from Asheville, this afterneon at 4 o'clock, by firing a pistol
ball through his brain. Death was
instantaneous, life being extinct when
the ten-year-old son of the decedent
ran into the room to find his father
stretched on the floer.

The deed was committed in the room
occupied for years by his mother, and
in the house occupied by her family
for lifty years. Mr. Price arrived with
his family from his home at Alexaneria, Va., at 10 o'clock this morning
with the expressed intention of spending the summer here to regain his

To Help Nature Shed a Bad Complexion

Nothing discovered within recent years accompilshes so much, so quickly, without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them. It actually takes off the aged, faded, sallow freckied or blotchy cuticle, gently, gradually, causing no inconvenience, it is Nature's way of renewing complexions. When the natural process is retarded because of deficient circulation or nerve tone mercolized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercolized wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the merning.

Another natural beautifying treatment complishes so much, so quickly, without
